

Now become a sustaining member of the Water Sommelier Union

Support the "WSU" and enjoy exclusive benefits!

The Water Sommelier Union / Wassersommelier Union e.V. (e.V. = eingetragener Verein / registered association) was founded in 2011 and enjoys steadily increasing membership! As a recognized professional association – nationally and internationally – WSU is the official association of certified water sommeliers, recognized worldwide.

Water sommeliers are experts in mineral and spring water thanks to their sound training. The aim of the association is, together with you as a sustaining member, to promote specialist knowledge of mineral water and spring water in upscale gastronomy, in beverage trade and with the end consumer.

The WSU organizes annual general meetings with selected side events to actively exchange perspectives, experiences and ideas. In addition, regular training events are offered exclusively for full members and sustaining members. In particular, the Mineral Water Celebration Day with a focus on sensory training and current topics around water is very popular.

The Sensory Assessment Committee of the WSU can provide a detailed sensory assessment for your mineral or spring water brand. As a sustaining member you will receive a 20% discount!

Furthermore, WSU will present its sustaining members at various specialist and consumer fairs at its own booth. For tastings, the brands of the sustaining members are preferably included on request. Logo placement with free text on our website is included!

As part of your own promotional activities, you are encouraged to display your WSU membership as part of your own marketing strategy, thus demonstrating your special commitment to the activities of the Wassersommelier Union e.V. For promotion and identification of support under this agreement, sustaining members will receive the Water Sommelier Union logo to utilize.

Your membership supports the work and goals of the Wassersommelier Union e.V., materially and ideally! Do not hesitate to contact us to discuss further questions with us.
